

Hygiene Commission Calculation

Name: _____

Time Period: _____

A. Hygiene Production: _____

B. Hygiene Commission Rate: _____%

C. _____

D. Less Hygiene Wages:
(Wages already paid in this period) (_____)

E. Hygiene Commission Due: _____

This is a basic hygienist commission worksheet.

It is figured by multiplying the Hygiene Production (line A) by the Hygiene Commission Rate (line B) to get line C.

Subtract the Hygiene Wage (line D) from line C to arrive at the Hygiene Commission due (line E).
